INTERVIEW

Who wants a kiss?

The winery Bacio della Luna represents an Italian excellence in the production of Prosecco DOC and Valdobbiadene DOCG, among the most beloved sparkling wines in the world. The company is based in Vidor (TV), nestled in the Prosecco Hills, a region where winemaking culture is a deeply rooted heritage.

Bacio della Luna can rely on approximately 25 hectares of vineyards cultivated sustainably, respecting nature and carefully monitoring every stage of production. From the vineyard to the cellar, all processes are carried out with method and attention, in order to offer exclusive wines that are synonymous with excellence and identity.

Bacio della Luna is part of Schenk Italian Wineries, a wine group with an annual turnover of 115 million euros and 51 million bottles produced.

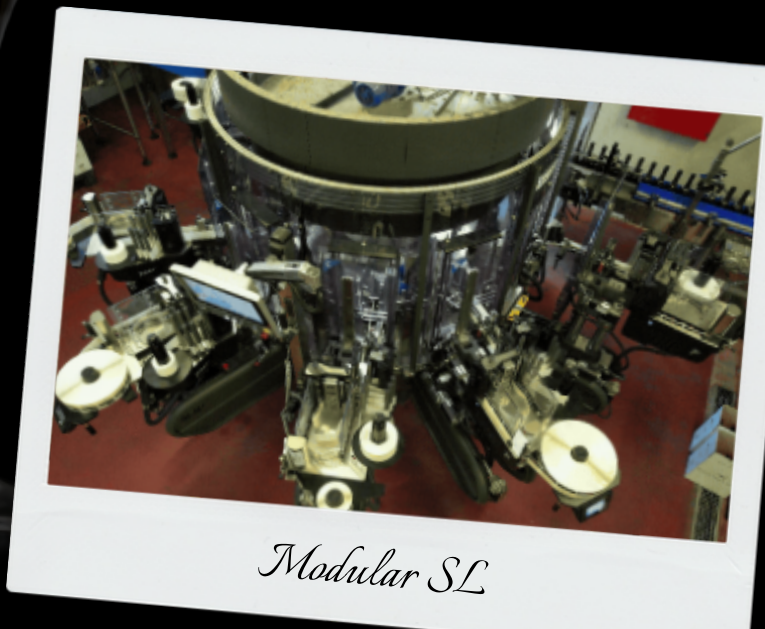

The pursuit of quality is the guiding thread that, over the years, has led Bacio della Luna to develop a range of Proseccos recognized for their balance, freshness, and elegance, the result of a constant dialogue between tradition and innovation, and a vision attentive to the demands of international markets.

Bacio della Luna

The passion for quality and a focus on innovation brought Bacio della Luna and P.E. Labellers together, giving rise to a success story that is told every day.

The company relies on P.E. to label its bottles flawlessly: the Modular SL solution was chosen for its ability to adapt with great flexibility to the winery's production needs, effectively managing the many product lines and ensuring operational continuity.
